55: What additional comments would you like to provide to the Vision Team at Lord of Grace?

| Response   |                 |     |
|--|-----------------|-----|
| I love Lord of Grace. While for the past few years we have not been regular attendees, when we did come, we were always welcomed. Our family are Charter Members and I could not see myself worshipping anywhere else. My husband and I have made a commitment to ourselves to be regular members again and try to attend Church at Lord of Grace at least 2-3 times a month. We are truly blessed by our Church Family....The Nathan Family |                 |     |
| I am really not sure what this team is all about and feel it should have been explained more and involved a more 'rounded' representation of our congregation.   |                 |     |
| Somehow communication is lacking, but I have no suggestion on how to solve this problem. the newsletter could be a better tool but all of the info is PAST no upcoming events. Committees need to longer range planning, though somehow turn out always seems to be good, praise the LORD! More updates on our members needs and health issues.  |                 |     |
| Structured Q&A's are worth about 10%. Multiple Forums with true brainatorming are worth FAR more.  |                 |     |
| I believe reaching out to those beyond our congregation is very important. Outreach should be an essential part of every church community.   |                 |     |
| take care of the older church members not just older person  |                 |     |
| I really feel as a member we need to take care of in house before we take care of others. If we aren't strong how can we help others.  |                 |     |
| I am happy we have the leadership of Pastor Lars -- His energy and knowledge and a blessing.   |                 |     |
| Some questions could have had more than one answer. It's a great start!  |                 |     |
| That we will seek the spirit of God to help us minister to those who find them selves as the outcast of society because of homeless and isolation conditions.  |                 |     |
